Update after Intel walks:

- Working at heights permit.
- Contact information on MEWP.

Get 100% ready → **Contact us** → **Get your MEWP approved**

BACK TO MEWP WORK

1. Documentation available on the equipment in the field:

- I. Equipment registration document (Rishayon).
- II. Valid Bodek inspection report (Tasker) – must be valid within 6 months of inspection.
- III. Equipment insurance document (Bituach). The identification number for this equipment must be written in the insurance.
- IV. Supplier inspection report – signed and available for review.
- V. Supplier training certificate for equipment operation.
- VI. 18C designation letter listing approved operators and spotters for the specific equipment.
- VII. Equipment manual – must be available in Hebrew and in the language of the operator (QR code acceptable for one language).
- VIII. Working on heights permit.

2. Equipment marking:

Each MEWP must be clearly marked with:

- I. The company name and contact information.
- II. A printed list of approved operators and spotters assigned to that equipment.

BACK TO MEWP WORK

3. Intel MEWP Checklist:

Must be fully completed and signed for each piece of equipment and ready for review in the field.

4. Intel MEWP Assessment:

Must be available in the field and ready for review.

5. Visual Inspection of the MEWP:

- I. All handrails and doors must function properly and be free of damage.
- II. MEWP oil diapers must be properly installed. No red/yellow ropes or wires are permitted.
- III. No temporary or improvised fixes are allowed on any operational system.
- IV. The MEWP must be clean, including the operator's remote control.
- V. Please make sure all items are ready before the scheduled inspection.
