SEE SOMETHING, SAY SOMETHING, DO SOMETHING

- All leaders on this project are responsible for communicating, escalating, and stopping unsafe acts.
- If you see a worker without their PPE on, regardless of what company they work for- say something!
- If you see a tripping hazard that you can safely move- do something!
- If you see a colleague talking on their phone while walking through the site or while in an active work zone- say something.
- Leadership cannot be passive in raising the bar across the job site.
- If you are seeing something that you don't know how to handle, escalate it to Hoffman. But please, do not be silent.
