PPE On site

- **Helmet** : Always wear helmet to protect against head injuries from falling objects. Regularly inspect for damage.
- **Safety Glasses**: Use safety glasses to safeguard your eyes from dust and debris. Inside the building, use clear safety glasses.
- **Safety Boots**: Wear steel-toed or composite-toe boots to protect your feet from heavy objects and sharp materials.
- **Fall Protection**: Use harnesses and lanyards when working at heights to prevent falls and ensure safety.

Procedure for Lifting toilet with a Crane

- The rigger arrives at the toilet and ensures that no one is inside.
- After confirming that the toilet is empty, the rigger locks the toilet with a carabiner.
- Next, the rigger secures the toilet to the crane.
- After locking the toilet and before lifting it, ensure once again that the compartment is indeed locked.
- The crane then lifts the toilet to the desired location.
